NURIMTECH.AI

INNOVATE. ELEVATE. ACCELERATE.

INNOVATE. ELEVATE. ACCELERATE.

Intelligent Transformation: AI & Cloud Adoption, Optimized for ROI.

Nurim Technologies Pvt. Ltd. (NurimTech.ai) is a global AI and Cloud consulting startup... embracing cloud and artificial intelligence with agility, security, and proven ROI.

THE LEADER'S VISION

My vision is to deliver maximum business value by prioritizing lean execution and speed-to-value—not overhead or over-engineering.

"Transforming today's enterprises into tomorrow's intelligent organizations."

SPECIALIZED EXPERTISE.
LEAN EXECUTION. MAXIMUM ROI.

THE LEADERSHIP JOURNEY

"I founded NurimTech.ai after 20 years at Microsoft/AWS/ Atlassian] because I saw large enterprises struggling with over-committed, generalized services. We cut through the complexity without the Big Corp overhead"

Julkar Bagwan — CEO
Ex-Microsoft | Ex-Atlassian

ELITE EXPERTISE

▶ Our Core SMEs Are Former Senior Architects From Global Tech Leaders—Including **Microsoft, AWS, Google, And Atlassian**—Carrying Official Certifications.

▶ With **10 To 15+ Years** Of Focused Experience, Our Team Specializes In Complex Environments—From SAP On Cloud Transitions To Pioneering **Databricks-Led AI Strategy** Adoption.

▶ We Leverage Exclusive Partner Programs: **AWS MAP Funding, Azure Accelerate.** Achieve Up To **31% Average Infrastructure Savings.**

YOUR CLOUD, SIMPLIFIED.
YOUR AI, AMPLIFIED.

THE NURIMTECH 5-PHASE TRANSITION FRAMEWORK

1 → **2** → **3** → **4** → **5**

Readiness   Cleanse   Pilot   Go-Live   Optimize

Phase 1: Readiness & Blueprint: Surgical Inventory Of Legacy Systems. We Define A Single, Optimized Cloud Target.

Phase 2: Cleanse & Configure: Aggressive Archiving Of Unused Data And Concurrent Setup Of A Secure, Compliant Target Cloud Environment.

Phase 3: Pilot & Validate: Non-Disruptive Trial Migrations Of Key Workloads To Confirm Security Controls.

Phase 4: Go-Live Execution: Scheduled Migration During A Defined Cutover Window, Followed By Immediate Post-Cutover Validation Checks.

Phase 5: Optimize & Govern: Performance Tuning And Establishing Robust FinOps Controls To Ensure Sustained Cost Efficiency (Up To 40% Reduction).

Enterprise AI & Data Intelligence

AI Strategy & Deployment:

Focused Implementation Of AI Solutions, Including Microsoft Copilot And Databricks Lakehouse Platforms.

Cloud Cost Optimization:

Utilize AI-Led Usage Analytics To Deliver Up To 40% Cost Reduction.

AI-LED RELIABILITY: ENHANCING SRE & IT OPERATIONS

A. OBSERVABILITY & AIOPS AUTOMATION

▶ **Proactive Incident Management:**

Implementing Full-Stack Observability (E.G., Dynatrace, Datadog) Integrated With ML For Anomaly Detection.

▶ **Focus:**

Automated L1/L2 Support Tasks, Reducing Mean Time To Resolution (MTTR) By Up To 35%.

B. GENAI FOR DEVOPS EFFICIENCY

▶ **Code & Test Optimization:**

Deploying Microsoft Copilot And Custom LLMs To Accelerate Release Cycles, Ensuring Code Quality And Automating Repetitive Tasks.

▶ **Focus:**

Enabling Continuous Integration/Continuous Delivery (CI/CD) Pipelines With Enhanced Security Checks.

C. DATA ENGINEERING & MLOPS

▶ **ML Model Pipeline:**

Utilizing Databricks Lakehouse For Robust Feature Engineering And Setting Up CI/CD For Machine Learning Models (MLOps).

▶ **Focus:**

Ensuring Model Stability And Data Quality Are Production-Ready For Mission-Critical IT Tasks.

POC-TO-PRODUCTION:

Governance & Scaling Framework

Phase 1: Validation (PoC)

- **Goal:** Prove Technical Viability And Quick ROI.
- **Time-Box:** Rapid 4-6 Weeks.
- **Key Deliverable:** Working Model/Script, TCO Estimate, And Defined Success Metrics.

Phase 2: Hardening (Pilot)

- **Goal:** Integrate Into A Live, Non-Critical Environment.
- **Time-Box:** 8-12 Weeks.
- **Key Deliverable: Formalized Change Management Plan** And Initial Security Hardening (Addressing Shell's SRE Concerns).

Phase 3: Stabilization (Production)

- **Goal:** Full Deployment With Governance And Scale.
- **Key Deliverable:** Full **MLOps/DevOps Pipeline Setup, AI-Led FinOps** Integration, And **Henry Harvin®** Training Plan Rollout.

ELITE EXPERTISE. NO OVERHEAD.

We deliver the certified, ex-Microsoft/AWS technical excellence you need, without the Big Corp overhead, lock-in, or hidden fees.

Henry Harvin

TRAINING GUARANTEED. We Secure Your Technology Investment. We Provide Integrated, Future-Ready Corporate Training, Certifications, And Upskilling Bootcamps Via Henry Harvin® Education.

Antal

LEADERSHIP BENCH SECURED. We Partner With Antal International For Executive Search—Targeting CXO, Senior Technologist, And Certified AI/Cloud Engineering Talent Acquisition Globally.

SaaS Success: 32% Cloud Spend Reduction And 2× Analytics Productivity Boost, Achieved In 8 Weeks Via Azure/Databricks Migration.
